

Data Sheet

Pro-Shar.com

Description: Soft gelatin capsules containing colored liquid

Ingredients: Gelatin Pork skin, Glycerin, Water, Sorbitol Special, Dyes, Titanium Dioxide.

Product Use: Recreational

Physical Description

Appearance: Spherical solid capsule containing viscous colored liquids

Odor: Characteristic or None

Odor Threshold: N/A

pH: 6-7.5

Vapor Pressure: Low

Vapor Density: Not Determined

Evaporation Rate (BuAc=1): N/A

Percentage Volatile (By Volume): N/A

Boiling Point: Decomposes before boiling

Solubility in Water: Soluble

Specific Gravity of Liquid: 1.10 – 1.20 @ 25/25° C

Physical State: Liquid

Product Decomposition: Biodegradable

Hazards

Hazardous Ingredients

Hazardous Components: None

Materials contained in this product are classified as non-hazardous according to the definitions set forth in 29 CFR 1910.1200

Non Hazardous Ingredients: Gelatin Pork skin, Glycerin, Water, Sorbitol Special, Dyes, Titanium Dioxide.

Fire and Explosion Hazards

Flash Point: > 232° C (450° F) PMCC

Auto ignition Temperature: Not Determined

Flammability Limits: Not Determined

UEL: Not Determined

Extinguishing Media: Dry chemical, foam, or CO₂

Unusual Fire and Explosion Hazards: None known

Extinguishing Media: This product is not flammable. Use fire-extinguishing media appropriate for surrounding materials. Avoid breathing fire vapours.

Protective Measures in Fire: Face mask, protective gloves and safety helmet.

Reactivity Hazards

Chemical Stability: Stable

Incompatibility: Avoid contact with strong acids and oxidizing materials.

Hazardous decomposition products: None

Hazardous polymerization: Will not occur

This product is stable under normal use and storage conditions.

Health Hazards

Emergency overview: This product is intended for recreational purpose, not intended for human consumption.

Eye: May cause temporary eye irritation. Cornea injury is very unlikely.

Skin: Not likely to cause significant skin irritation. May cause more severe response if skin is abraded.

Ingestion: Single dose oral toxicity is considered to be extremely low.

Inhalation: Not hazardous

Carcinogenicity: Not carcinogenic

Chronic Effects: None known

First Aid Procedures: Flush affected skin and eyes with plenty of water. Seek medical attention in case of ingestion, do not induce vomiting.

Handling and Special Precautions

Handling and storage

Product should be kept in original containers or other suitable containers and protected from excessive exposure to air, heat, and light.

Keep packaging closed. Eliminate any source of ignition. Avoid storage temperatures below 17 C and above 30 C and attempt to store in between 30% and 50% relative humidity.

Control Measures and First Aid Procedures

Eyes: In case of accidental exposure do not allow the person to rub or keep eyes tightly shut. Gently lift eyelids and flush immediately and continuously with large amounts of clean warm water for 15 minutes. If irritation persists, seek professional assistance

Skin: N/A

Ingestion: Ingest large quantities of fluid, preferably water. Induce vomiting if large amounts are ingested. Contact the Poison Control Centre for additional information if required.

Respiratory : N/A

Protective Clothing: Layered clothing while playing for added protection.

Eye Protection: Appropriate approved playing Goggles for Paintball.

Storage: Store in a cool, dry place

Ecological Information

Ecotoxicity: Not regarded as dangerous for the environment

Mobility: The product is soluble in water. Disposal methods: Dispose of waste and residues in accordance with local authority requirements. Dicomposition: Non-corrosive biodegradable, Environmentally safe.
